

HÄFELE

**ninka TRIGON**  
Reinvent the corner.

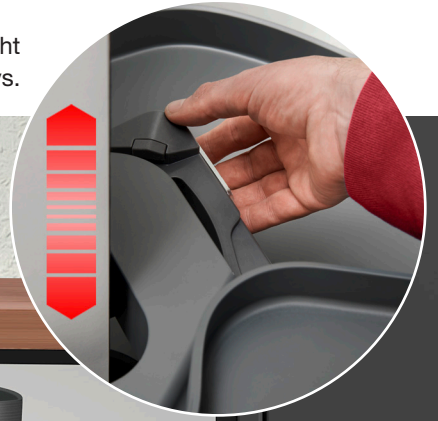

# TRIGON

## Reinvent the corner.

TRIGON from ninka makes maximum space inside the cabinet. The new corner cabinet solution now uses almost every square centimetre behind the cabinet door and features an organic breath-taking silhouette, high-quality finishes as well as extraordinary technical features.

Stepless and toolless height  
adjustment of the pull-out trays.

## FEATURES

Scratch-resistant surface with fine dimpled structure.

Easy to clean.

Extremely rapid fitting.

Simple height adjustment.

Pull-out trays can be removed from the fitting and put back on without tools.

Fits custom door widths.

Does not block adjacent cabinet when opening.

Can be retrofitted in the blind corner.

100% recyclable material.

Load capacity 25 kg/pull-out shelf.
